Every commenced day is used as a day in the case of fees and other payments to which the Lessee is entitled for every day of use of the Rental Vehicle (daily rate), etc. The resulting amount of Remuneration for the rental or operating lease of the Rental Vehicle for the selected Rental Vehicle is defined as a multiple of the rental price or operating lease price for the Rental Vehicle per the Tariff and the corresponding coefficient based on usage of the Rental Vehicle at the selected time. The coefficient is 1 if the Lessee generally offers only one (1) Rental Vehicle in the selected Rental Vehicle category. If the Lessee generally offers two (2) Rental Vehicles in the selected Rental Vehicle category, the first in such category is assigned a coefficient of 0.75 on the Rental Vehicle Reservation and the second in such category is assigned a coefficient of 1.25 on the Rental Vehicle Reservation. If the Lessee generally offers three (3) Rental Vehicles in the selected Rental Vehicle category, the first in such category is assigned a coefficient of 0.75 on the Rental Vehicle Reservation, the second in such category is assigned a coefficient of 1 on the Rental Vehicle Reservation and the third in such category is assigned a coefficient of 1.25 on the Rental Vehicle Reservation. If the Lessee generally offers four (4) Rental Vehicles in the selected Rental Vehicle category, the first in such category is assigned a coefficient of 0.75 on the Rental Vehicle Reservation, the second and third in such category are assigned a coefficient of 1 on the Rental Vehicle Reservation and the fourth in such category is assigned a coefficient of 1.25 on the Rental Vehicle Reservation. If the Lessee generally offers five (5) Rental Vehicles in the selected Rental Vehicle category, the first in such category is assigned a coefficient of 0.75 on the Rental Vehicle Reservation, the second in such category is assigned a coefficient of 1 on the Rental Vehicle Reservation and the third, fourth and fifth in such category are assigned a coefficient of 1.25 on the Rental Vehicle Reservation. The coefficients per the previous sentence apply in kind to Rental Vehicles categories in which the Lessee generally offers six (6) and more Rental Vehicles in the selected Rental Vehicle category and therefore the first in such category is assigned a coefficient of 0.75 on the Rental Vehicle Reservation, the last, second-to-last, and third-to-last in such category (with a balance of 3 and fewer Rental Vehicles in the given Rental Vehicle Category) are assigned a coefficient of 1.25 on the Rental Vehicle Reservation, and a coefficient of 1 is used for all vehicles from this Rental Vehicle category in a different order on the Rental Vehicle Reservation.
